

SIX MURDER CASES ON COLE'S DOCKET

Tulsa County District Court Will Begin the Hearing of Criminal Trials on Monday.

JURY TO TRY MRS. ANDERSON

Fourteen Defendants Will Answer to Charge of Anti-Stealing and Other Thefts.

Monday morning at 9 o'clock the criminal jury docket of the regular term of district court will be called by Judge Redmond S. Cole, called for the most part for the trial between the dates of May 12 and May 20.

In these cases are six charges of murder against eight defendants, 14 charges of grand larceny, for the most part for the theft of automobiles, four charges of burglary against six defendants, two charges of conspiracy robbery, two of charges of stolen property and one on the charge of maintaining a gambling place.

Those charged with murder are John Schuler, Mack McElroy and E. E. Pitcock, Gerda Anderson, Maud Liggins and Robert McIntyre, Cecil Russell, T. King, John Calhoun, Charles Morris, H. H. Hildner, Jack Duval, John Birkin, Forster, Albert Hayeroff, E. W. Shannon and E. W. Trumble will be tried for stealing automobiles.

Charges of conspiracy robbery were filed against Mack McElroy, Cecil Russell, Frank Walsh, accused of stealing an automobile from P. S. Brooks on March 30 at the point of revolver and against Sam Hecanto and Carl Acouron on a similar charge. The latter two were charged with being driven by Grant C. Stebbins on West Second street on December 26.

Two charges of larceny upon which Volney Davis was to have been tried and one charge of car stealing against Forrest Benight, will probably be continued for the term, the boys escaping from the county jail early Friday morning. Davis was being through a wall into the stairway which leads from the third floor of the courthouse to the first floor.

Filing of new cases were unusually heavy in district court the past week, 44 plaintiffs having asked judgment for various sums or decrees of divorce. Of the cases filed 19 were petitions for divorce.

The only damage suit of importance tried during the week in this court was the suit of Fred McIntosh, by his father, Andrew McIntosh, against the city of Tulsa and the C. O. Frye & Howard Frye Company. The suit was allowed by the jury in the plaintiff's petition stating that he had been permanently injured by the explosion of a dynamite cap which he had obtained from the second person. The plaintiff claimed the cap had been allowed to remain in an unprotected place, making it possible for school children to obtain possession of the explosive. Motion for a new trial of the case was filed by counsel for the city of Tulsa.

Only 11 cases were filed in superior court during the week and of this number only one suit for divorce. The suit of most importance filed was that of Carrie Smythe against the Oklahoma Union Railway company in which the plaintiff asks damages of \$20,000 for injuries received when she was thrown from a street car in a panic which followed the burning of a control box in the front vestibule of the car.

Marriage licenses were issued to 21 couples the past week against an average of 37 the preceding week. Seven licenses were issued Saturday which is the general average for that day for the past several weeks, the maximum for any one day being reached Saturday, May 1, when 19 were issued by Hal Turner, license clerk.

Friday was the closing day of the March civil jury term, district court, the special jury which has been serving the main week having been discharged by Judge Owen. Owen, who for the past week has been sitting for Judge Cole, Judge Cole has been in Pawnee holding a civil term of the district court.

County Assessor Walter S. Harker has given notice that after next Monday the books in his office will be open to those who have in the past two years purchased or disposed of Tulsa city or county property, that the proper division and subdivision may be made a matter of record in the assessor's office, for the purpose of assessing county and state taxes.

Much difficulty has been experienced by taxpayers in this city and county in obtaining the correct statement of the taxes due, from the

CONNECTING LINK BETWEEN HOME AND THE SCHOOL

By FLORENCE A. PARDEE

Co-operation between the kindergarten and home may sound rather formidable, but it really is just thinking over what your precious four-year-old is doing every day in his new environment. He is no longer a baby, but a boy. Are you helping or hindering him in his efforts to establish his own identity among thirty other little folks, and to live happily with them?

Perhaps he has never played with children and is diffident or masterful. In the little social world of the kindergarten he finds that each child has rights—a right to skip or play ball, for instance, and that every child has a turn and he must wait for his turn.

Orderly ways are learned here. His hat and coat (with sleeves right side out) must be hung on his own hook. Have one at home for his special use. Putting on and taking off rubbers is another way to self-help which mother as well as kindergarten may foster. Toys, blocks and scrapbooks used during free play periods in kindergarten must be put back where they were taken from.

Cultivate this habit. It is a good one. Our days always begin happily with friendly greetings, songs, lovely music or stories and pictures. A "good morning" this year says, "Be pleasant every morning until 10 o'clock, the rest of the day will take care of itself."

Home Helps Important

Help the child's memory and vocabulary by suggesting him to repeat the kindergarten songs and stories. Then sing or tell him a new one. In the brisk marching and games of the kindergarten the natural impulse to be anything from a horse to an airplane, is gratified. Help to develop the imagination and imitative faculty in this way at home sometimes. Help us answer the endless questions which it is the child's right to have answered for good or evil.

Always be kept, so please don't threaten to give him to the policeman, who is the child's best friend when he is lost. So often a bit of neat pasting, good paper folding, a crayon sketch, cut-out picture done in kindergarten could have been the absorbed interest, the screwed-up mouth or the twisting tongue necessary for a small person to accomplish this real work for your pleasure, surely you would have given praise where it was due. Besides, the training of eye and hand is invaluable and should be encouraged in every possible way.

Your Presence Helps

Above all, visit the kindergarten without waiting for Christmas invitations. Compare notes with the kindergarten and you may be surprised.

county treasurer's office, because many sales or purchases of land have not been reported to the assessor's office. There are numerous instances where the original owner has sold lots in the city or parts of lots, yet the tax has been assessed against the original owner and not against the purchaser. To avoid this source of error all changes in the ownership of real estate within the past two years should be reported to the assessor's office.

prised at the dual nature your boy presents, and the help it will be to see him from another angle.

For the mother who lives in a neighborhood without a public kindergarten, there is this message: Try to get all the mothers in your vicinity to petition the school board for one. Interest influential men and women of the community in your plans. Write to the United States bureau of education for a petition form and leaflet.

Keep in touch with modern kindergarten literature; this is listed in the free catalogues of the kindergarten supply houses, Milton Bradley company, Springfield, Mass., and E. Steiger & Co., 49 Murray St., New York. Keep on telling stories from Mother Goose classics. Plan systematic occupations for the children and sit by and work with them daily. Play games yourself with them and invite other children to come and join in. Take walks and enjoy the great out-of-door school at all times of the year.

Charged With Taking Fraternity Pin

Jack Hines, charged with the theft of a fraternity pin on May 9, who pleaded not guilty at his arraignment before Justice S. C. Masters Saturday morning, made bond of \$500 for his release Saturday afternoon. Harry B. Norris, the complainant, alleges Hines entered his room at 211 West Third street and made away with the property.

How to Make Your Own Complexion Treatment at Home

A Free Oatmeal Prescription Does Its A Free Oatmeal Prescription Does Its

New York: "It is my own discovery, and it takes just one night to get such marvelous results," says Mae Edna Wilder, when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. "You can do the same thing if you follow my advice."

"I feel it my duty to tell every girl and woman what this wonderful prescription did for me. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription that removed every defect from my face, neck, hands and arms. Until you try it you can form no idea of the marvelous change it will make in just one application. The prescription which you can prepare at your own home is as follows: Go to any grocery and get ten cents' worth of ordinary oatmeal, and from any drug store a bottle of dermole. Prepare the oatmeal as directed in every package of dermole and apply night and morning. The first application will astonish you. It makes the skin appear transparent, smooth and velvety. I especially recommend it for a sallow skin, freckles, tan spots, coarse pores, rough skin, ruddiness, wrinkles and, in fact, every blemish the face, hands and arms are heir to. If your neck or chest is discolored from exposure, apply this combination there and the objectionable defect will disappear. It is absolutely harmless and will not produce or stimulate a growth of hair. No matter how rough and ungainly the hands and arms, or what abuses they have had through hard work and exposure to sun and wind, this oatmeal-dermole combination will work a wonderful transformation in 12 hours at the most. Thousands who have used it report the same results I have had."

NOTE: To get the best effect be sure to follow the complete directions contained in every package of dermole. You have only to get the dermole and oatmeal. You need nothing else and it is so simple that any girl or woman can afford it. The many facturers and druggists guarantee that there will be a noticeable improvement after the first application or they will refund the money. It is sold in this city under a money refund guarantee by department stores and all up-to-date druggists, including the Quaker, Puritan and the local stores.

GUTHREY IS PRAISED BY COMMERCE BODY

Retiring Commissioner of Highways Honored for Service in Behalf of Good Roads.

In recognition and appreciation of the splendid services rendered by E. Bee Guthrey as chairman of the highway department of the chamber of commerce the past three years, the following resolutions were adopted expressing the regret of the directors of that body at his resignation.

WHEREAS, The directors of the chamber of commerce have received with regret the resignation of Honorable E. Bee Guthrey, highway commissioner, who has so faithfully and efficiently served the chamber of commerce of Tulsa, Okla., as highway commissioner since November, 1916, and

WHEREAS, Mr. Guthrey has conducted the affairs of his office to the pronounced benefit not only of this organization and to the citizenship of Tulsa and Tulsa county, but to the great benefit of eastern Oklahoma generally, and

WHEREAS, Mr. Guthrey in the performance of his duties has brought to the highway department of the Tulsa chamber of commerce the distinction of being the best organized highway department in the entire southwest, and

WHEREAS, Mr. Guthrey has reflected on the organization in the pursuit

of his official duties and has been faithful and untiring in his efforts to carry out real constructive work along highway construction lines and has been eminently successful in his efforts.

NOW, THEREFORE, BE IT RESOLVED, By the board of directors of the Tulsa chamber of commerce that we accept with regret the resignation of Mr. Guthrey from the position he has so ably occupied and that we take this opportunity of expressing to him officially and individually the thanks of ourselves and this organization for the splendid services he has rendered, and that we wish for him unqualified success and prosperity in the business in which he is about to engage, and

BE IT FURTHER RESOLVED, As a further mark of our appreciation of the services rendered by Mr. Guthrey that a copy of these resolutions be spread on the minutes of the permanent record of the Tulsa chamber of commerce.

the Tulsa chamber of commerce, a copy be presented to Mr. Guthrey and a copy be given to the press of Oklahoma in order that the public may be advised of the action taken.

Respectfully submitted,
J. M. BERRY, Chairman.
CYRUS S. AVERY,
CLARENCE B. DOUGLAS,
Committee on Resolutions, Tulsa Chamber of Commerce.

Mr. Guthrey will conclude the business of his office the coming week and will immediately go into the oil business with Cyrus Avery. No one has been suggested as yet to fill the vacancy and probably will not for some time, owing to the failure of the recent road bonds. There is now more than \$2,000,000 worth of highway bonds under construction in Tulsa county and until another state road bill is passed work will be at a standstill in this branch all over the country.

NORMAN BROOKS TO HEAD AUSTRALIAN TENNIS TEAM

Thomas Hicks, secretary of the Lawn Tennis association of Australia, expressed regret that the United States would not send a representative tennis team for the Davis cup matches to be held in England.

He also said that the Australian team probably will be the strongest ever placed in the matches. This team is headed by Norman Brooks. "That this year's competition for the world's lawn tennis supremacy does not include a team from the United States will, I am sure, also be regretted by the other competitors. However, it is pleasing to note that your association contemplates being among the entrants in 1920. It is early to forecast our team, but we are hopeful of being able to be

represented by a strong side, headed by Norman Brooks."

Australian lawn tennis is attracting attention elsewhere than in the Antipodes, for the April 12 issue of the London "Field" says:

"The Australian service team, preliminary to competing at Wimbledon, will be seen at several tournaments and after the championships they will possibly play at some of the leading provincial meetings."

Postmaster Named

WASHINGTON, May 10.—Announcement of the establishment of a postoffice at Washita county to be called Brailwaite was made by the postoffice department today. John I. Foster will be postmaster. Carl K. Ravey was appointed postmaster at Grimes, Roger Mills county.
